MEMORANDUM FOR: Director of Central Intelligence
Deputy Director of Central Intelligence

FROM : SA/IA

SUBJECT : Breakfast Meeting with Secretary Weinberger, 29 January 1982

1. The following items have been proposed for your breakfast meeting tomorrow morning with Secretary Weinberger. I understand that Deputy Secretary Carlucci will not be attending.

2. Secretary Weinberger would like to discuss:

--

25X1

--

Egypt--French and U.S. arms sales (There appears to be concern in Defense as was evidenced in the House yesterday regarding the implications of Egyptian diversification of their arms suppliers. I ~~have~~ asked [] to pull together some talking points on Mubarak's current posture and how the French arms deal factors into his calculus. For additional backup, Charlie has included a recent DDI memorandum on Mubarak's attitudes towards relations with the Soviet Union.)

25X1

--

Soviet military aid to Syria, Libya, Cuba, and India (As we discussed yesterday, I asked DDI to update the brief study done last summer on Soviet military sales and deliveries to the Third World. That is included and, I think, brings it up to date including the recent information on the dramatic increases in deliveries to Cuba, as reported in this morning's PDB.)

3. DDO suggested, and I think with good reason, that you brief Secretary Weinberger on the following two subjects:

--

The implications of President Nimeiri's political maneuvering in Khartoum. [] people believe there is some doubt how effective al-Tayyib will be in dealing with Ethiopia and Libya. He has been, in recent years, a good friend of the U.S.
